Note – Oscar 330 Pro and 336 Electric Sawmills: Hand winch supplied electric mills come with the motor and a disconnect switch mounted on the saw frame. The customer must supply the motor starter with overload relay per NFP A 70 (National Electrical Code). Electric winch supplied electric mills come with a control panel mounted on the mill frame that includes the required motor controls and overloads for the two electric motors. The customer must supply the disconnect switch in the power supply line to the control panel per NFPA 70 (National Electrical Code). The Oscar 330 Pro and 336 Electric Sawmills use a 10 HP, 230 vac, 60 hzs with totally enclosed Baldor motors (TEFC).
